Tom,

You and I date back to 1970 when I was president of SUNY Old Westbury while you were an assistant working to find footing for that “experimental college.” So, I am not surprised and very pleased with what you are trying to do with Peace Corps House. And we both know it’s going to be a long haul with many bumps along the way. But I am hopeful.

And as a former senator, I believe that this point made in your new brochure is valid: "Peace Corps House, while independent from the Peace Corps, will raise the profile locally of both itself and the Peace Corps community among federal policy makers."

With best wishes as you go forward,

Harris
